Williamtic Office, Room 2, Mayray Norwich, Tuesday, Oct. 26, 1915.

The Circulation of The Bulletin

The Bulletin has the largest circulation of any paper in Eastern Connecticut and from three to four times larger than that of any in Norwich. It is delivered to over 3,000 of the 4,053 houses In Norwich, and read by ninetythree per cent, of the people. In Windham It is d...vered to over 900 houses, in Putnam and Danielson to over 1,100 and in all of these places it is considered the local daily.

Eastern Connecticut has fortynine towns, one hundred and sixty-five postoffice districts, and rural free delivery routes. The Bulletin is sold in every town on all of the R. F. D. routes in Eastern Connecticut.

CIRCULATION

occurred on the streets of Worcester fractured skulls and injuries to others, in a reasonable amount of time. live were pinned under a car at Lowell and one of the number may die, while from Detroit comes the sad story seven members of one family being killed and one badly injured

AMERICAN NEUTRALITY.

vote taken in Worcester at the concieties of Massachusetts it is impos- ing up these industries which are so sible to view the denunciation of the much needed here. Unless proper recneutrality of this country concerning ognition is given to it through ade-Germany as anything more than gross- quate legislative acts small apprecia-

The United States in its neutral- sources which this country possesses ity has followed the middle of the The fact is that the time has arrived road. It has shown no favoritism when we should make the most of either to the allies or to the central them. powers, but it has insisted upon its rights and made representations to both sides alike when occasion demanded. It has declared for neutrality, it has maintained neutrality and little fellow must have his fling.

it will continue to do so.

Because this country insisted upon of the manufacturers of this country over. to supply munitions of war to any and all of the belligerents does not indihas been violated. It was not the result of this country's stand which prevented Germany from taking advantage of the output of American in-dustries, whether such output included articles which could be used for war a great place for organizing The purposes or not. That Germany may Camels. oses or not. That Germany may not have needed outside assistance in meeting requirements in war supplies but did not need it in others, though prevented from getting them by its enemy, cannot be attributed to breach of neutrality by the United States. If one side has had any advantages in obtaining goods from this country it was solely because of conditions which they created themselves. American producers have stood ready orders from any purchaser who can take them away and any difsculty which Germany has experienced s due solely to obstructions by the enemy. To charge this country with a violation of neutrality is like blaming it for the tying up of the fleet in the Kiel canal,

FIGHTING FOR RIGA.

Undiminished and fully as deter-nined as ever are the efforts which any is making to get possessio of Riga before winter sets in. Equally letermined are the Russians to retain possession of that port which is an important key to the Baltic. With Seneral Von Hindenburg at the head if the German forces it is recognized that he will succeed if such a thing is possible, but the opposition which is being furnished by the Russians is if a different character from that of a number of weeks ago. Russia is

ability and gives evidence that it is not now suffering from a lack of ammunition. It has overcome a serious handloap in that respect and is now striving to prevent the imposition of another which would follow if Riga
